BIO-RENEWABLE SOLUTIONS

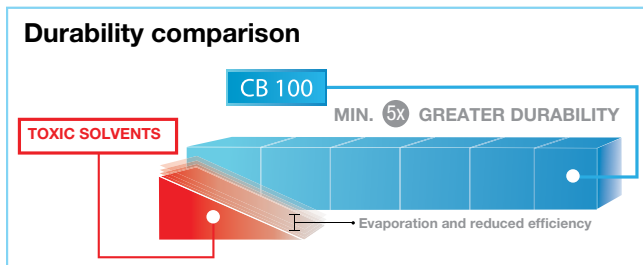

Bio-renewable liquids are ideal for heavy-duty cleaning and removal of ink, adhesive, synthetic oil, heavy grease and other tough contaminants. They retain their full cleaning power longer than toxic solvents because contaminants separate and float to the tank surface for periodic skimming. Bio-renewable liquids are powered by Nature Boost™, an exclusive and powerful ingredient derived from plant-based extracts. Bio-renewable liquids work exceptionally well at room temperature.

CB 100™
Natural industrial-strength cleaner and degreaser
 Powered by our exclusive Nature Boost™ formula, CB 100™ is unsurpassed in its ability to remove the most stubborn industrial contaminants.

CB 100 ALU™
Natural industrial-strength cleaner and degreaser for non-ferrous alloys
 Powered by Nature Boost™, CB 100 ALU™ is a powerful cleaner and degreaser specially designed for cleaning aluminum and sensitive alloys.

BIO-REMEDICATING SOLUTIONS

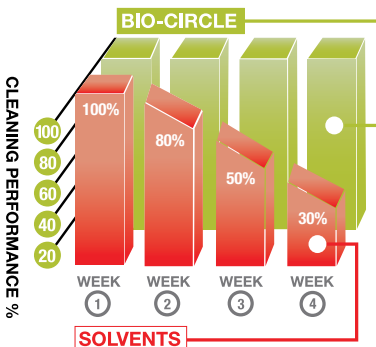

Walter's family of bio-remediating liquids are self-regenerating solutions that contain live micro-organisms that break down oils, greases and other organic contaminants into water and carbon dioxide – with almost ZERO waste products to dispose of. These liquids maintain their cleaning power over time, an economical and environmental advantage over toxic solvents and weaker water-based systems.

Bio-Circle® L
Bio-remediating parts cleaner and degreaser
 Bio-Circle® L maintains its cleaning power over time, an economic and environmental advantage over toxic solvents and weaker water-based systems.

Bio-Circle® ULTRA
Extra powerful bio-remediating parts cleaner and degreaser
 Bio-Circle® Ultra is a bio-remediating parts cleaner and degreaser that easily cuts tough industrial contaminants including crude oil, bitumen and heavy grease.

Bio-Circle® AERO
Bio-remediating parts cleaner and degreaser for aircraft use
 Bio-Circle® Aero is a bio-remediating parts cleaner and degreaser that meets aeronautical industry requirements. Safe for use with aluminum and other sensitive alloys.
